

## Acknowledgements:

- a) The workshop is sponsored by:

Endocrine Disruption Research Unit (EDRU)  
McLaughlin Centre for Population Health Risk Assessment

Faculté des sciences de la santé  
Faculty of Health Sciences

- b) Administrative and technical support is provided by:

Ms. Suzanne Therien  
Ms. Judith Tremblay  
Ms. Nicole Boom  
Mr. Nagarajkuman Yenugadhati

- c) Planning and organization support is provided by:

The EMKcom project is funded through the McLaughlin Centre for Population Health Risk Assessment with support from:

National Science and Engineering Research Council,  
Social Sciences and Health Research Council,  
The R. Samuel McLaughlin Foundation,  
American Chemistry Council,  
Canadian Chemical Producers Association,  
Canadian Chlorine Coordinating Committee,  
Dupont Canada Inc.,  
Canadian Plastics Industry Association.

*The organizing committee wishes to thank all those who made this workshop possible. We would also like to thank EPA for supporting Dr. Elaine Francis to the workshop.*

The McLaughlin Centre for Population Health  
Risk Assessment  
present a workshop on:

# Endocrine Toxicants: Ecological and Population Health Impacts

Friday, October 28th, 2005  
University of Ottawa  
Senate Room, Tabaret Hall

James Gomes, PhD, Co-Chair  
Karen Phillips, PhD, Co-Chair  
Daniel Krewski, PhD, Member  
Robert Clarke, DVM, Member  
Michelle Turner, MSc, Member

## Agenda

- 8:30am Registration and Coffee
- 8:45am **Welcome Address**—*Dr. Howard Alper, OC*, Vice-President Research, University of Ottawa
- 8:50am **Introductory Remarks**— *Dr. Daniel Krewski*, McLaughlin Centre for Population Health Risk Assessment
- 9:00am **Keynote Speech**—*Dr. Elaine Francis*, National Program Director, Environmental Protection Agency (EPA), USA
- 9:45am **Health Break and Posters**
- Session I** **Endocrine Toxicants and the Environment**— **Chair: *Dr. James Gomes***
- 10:00am **Endocrine Toxicants and Genomics**—*Dr. Vance Trudeau*, Centre for Advances Research in Environmental Genomics (CAREG), University of Ottawa
- 10:30am **Ecological Examples of Endocrine Toxicants**— *Dr. Glen Van der Kraak*, College of Biological Sciences, University of Guelph
- 11:00am **Health Break and Posters**
- Session II** **Endocrine Toxicants and Health**—**Chair: *Dr. Karen Phillips***
- 11:15am **Endocrine Toxicants and Laboratory Evidence**—*Dr. Warren Foster*, Faculty of Health Sciences, McMaster University
- 11:45am **Environmental and Fetal Origin of Disease**— *Dr. Mark Walker*, OMNI Research Group, OHRI
- 12:15am **Lunch Break and Posters**
- Session III** **Government and Industry Perspectives**—**Chair: *Dr. Michael Tyshenko***
- 1:15pm **Government Perspectives on Endocrine Toxicants**—*Dr. Michael Wade*, Health Canada
- 1:45pm **Industry Perspectives on Endocrine Toxicants**— *Dr. Rick Becker*, American Chemistry Council

- Session IV** **Risk Communications**—**Chair: *Ms. Michelle Turner***
- 2:15pm **EM-COM and Human Health Issues**—*Dr. Karen Phillips*, Faculty of Health Sciences, University of Ottawa
- 2:45pm **Risk Communication Issues Regarding Endocrine Toxicants**—*Dr. Michael Tyshenko*, University of Ottawa
- 3:15pm **Health Break and Posters**
- Session V** **Endocrine Disruption Research**—**Chair: *Dr. Robert Clarke***
- 3:30pm **Integrated Vision for Research in Endocrine Toxicants**—*Dr. James Gomes*, Faculty of Health Sciences, University of Ottawa
- 4:00pm **Discussion on Endocrine Toxicant Future Directions Round Table Discussions**
- Leader:** *Dr. Robert Clarke*, University of Ottawa
- Members:** *Dr. Don Wigle*, McLaughlin Centre
- Dr. William Leiss*, OC, McLaughlin Centre
- Dr. Geoff Granville*, Shell Canada
- Dr. Warren Foster*, McMaster University
- Dr. Glen Van der Kraak*, University of Guelph
- Dr. Vance Trudeau*, Centre for Advanced Research in Environmental Genomics (CAREG), University of Ottawa
- Dr. Rick Findlay*, Pollution Probe (Ottawa)
- 4:45pm **Concluding remarks**—*Dr. Daniel Krewski*, McLaughlin Centre for Population Health Risk Assessment, University of Ottawa
